

## Author Index 1997

This Author Index is a cumulative list of all Author's names with titles of their papers including (book)reviews, prefaces/introductions to special issues, etc., which were published in 1997 (issues 134(4) to 143(3/4) of *Chemical Geology / Isotope Geoscience*. The first figure in the column is the volume number and the last figures indicate the page number(s). The complete title of a paper is only listed with the name of the first author.
